

# Abdelrahman Ahmed Mohamed

Front End Developer | React Js

## Profile

My name is Abdelrahman Ahmed. I am a self-motivated front-end developer with 1+ years of experience with hands-on experience in identifying web-based user interactions along with designing and implementing highly-responsive user interface components by deploying React concepts. Proficient in translating designs and wireframes into high-quality code and writing application interface code via Javascript and ReactJS workflows. Adept at monitoring and maintaining frontend troubleshooting and debugging the same to bolster overall performance.
